## PRESS RELEASE

### *The Commonwealth Ports Authority completes replacement of three Passenger Loading Bridges at Saipan International Airport.*

The Commonwealth Ports Authority (CPA) contracted the replacement of three of its passenger loading bridges to AIC Marianas, Inc., in January 2019. The new bridges were installed and inspected in February 2021, and the first airline to use the bridges was United Airlines on February 25, 2021. CPA's final acceptance of these three bridges will be processed in April 2021.

The design package to replace the remaining three bridges is currently being finalized.

CPA appreciates the public's continued patience and understanding as it strives to bring the Saipan International Airport back to full operational condition.
